We placed them due to the neighborhood concerns for COVID-19.

Thank you.

Hi Cairo,

I believe United Site Services should be able to have their hazardous waste team handle; but I will send this over to WPD for assessment, we don't usually service private porta potties unless we are using them. Let's see what they can do for this situation though, never know until we try. I'll get back to you. May I ask who placed the porta potties at this location and why?

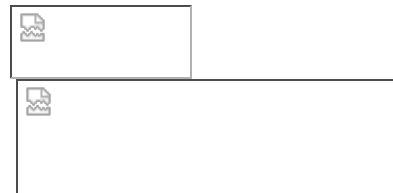

Much Appreciated,

Renée

Hi Renee,

Hope all is well. Could you please assist with the request below with Clean Harbors? United Site Services can't service the portable units located on 7th St and Hobart Blvd due to hazardous materials inside the units.

Thank you,
Cairo

Hi Cairo,

We are unable to service the standard unit located at 7th and Hobart St., because there are clothes and syringes in the tank. Will you please call Clean Harbors (City of LA has a contract with them) and have them clear out the hazardous materials? Once it's done, let us know, and we will resume services.

Thank you.
